

🗺️ Customer Journey Map

Date	15 July 2026
Team ID	BD-001
Project Name	Book A Doctor – Online Appointment System
Maximum Marks	2 Marks

Customer Journey Map Overview

The customer journey map outlines the patient's experience stage-by-stage, capturing their actions, touchpoints, thoughts, and feelings. It also identifies process ownership and opportunities for improvement at each stage. This ensures the Book A Doctor system delivers a smooth, empathetic, and efficient healthcare booking experience.

📋 Journey Stages

Phase of Journey	Stage 1 - Search & Awareness	Stage 2 - Booking & Confirmation	Stage 3 - Consultation & Follow-Up
Actions <i>What does the customer do?</i>	Searches for doctors online, checks availability.	Books appointment via app/website, receives SMS/email confirmation.	Visits doctor, attends consultation, receives prescription/reminder.
Touchpoints <i>What part of the service do they interact with?</i>	Website/App interface, Google Maps integration.	Appointment booking system, payment gateway, Twilio SMS reminders.	Doctor consultation, patient record system, follow-up notifications.
Customer Thought <i>What is the customer thinking?</i>	"I hope I can find a doctor quickly."	"I need confirmation that my booking is secure."	"I want clear instructions and easy follow-up."
Customer Feeling <i>What is the customer feeling?</i>	Curious, hopeful, sometimes anxious.	Relieved, confident, secure.	Satisfied, reassured, loyal.

🔧 Process Ownership & Opportunities

Stage	Process Ownership	Opportunities for Improvement
Stage 1 – Search & Awareness	Marketing Team / IT Team	Improve SEO, add doctor ratings & filters.
Stage 2 – Booking & Confirmation	Hospital Admin / IT Team	Enable instant booking confirmation, add multilingual support.
Stage 3 – Consultation & Follow-Up	Doctors / Hospital Admin	Automate reminders, integrate telemedicine for remote consultations.
